

4 Week Look Ahead Schedule

- Temporary heaters are running. See enclosed notice.
- Major mechanical equipment (RTU's etc.) is stored locally and installation is ongoing.
- Overhead & in wall MEP rough-in is ongoing at multiple areas.
- Interior light gauge metal framing is nearing completion. In wall inspections are ongoing. Wall close-in is ongoing- targeted to be completed by late March. Drywall finishing is ongoing.
- Finishes including paint, tile, concrete polishing & ceiling grid installation are ongoing.
- Air vapor barrier installation is ongoing but nearing completion. Installation of veneer masonry is ongoing but nearing completion. Installation of exterior panel (sub-girt & insulation) is ongoing.
- Skylight installation is complete.
- Window installation has started & testing is ongoing.
- Casework installation is targeted to begin in late February.
- See attached progress update.
- See attached for details & complete look ahead schedule.

Visit the Sharon HS Building website for more project information: https://www.shsbuilding.com/

Sharon High School: Notice of Ongoing Winter Heating

Notice Date: December 1, 2021

Sharon High School Abutters & Community:

The Sharon High School project will be utilizing several large construction heaters to support interior construction this winter. To ensure required climate is maintained heaters may function 24/7 including nights and weekends. There are 5 heaters located around the perimeter of the New High School. The heaters do emit a small orange glow from the internal flame. There is a continuous fan that is powered electrically. Consigli Construction has coordinated required provisions and permits with the Sharon Fire Department.

Heaters will be started up on Wednesday, December 1, and operate throughout the winter.

Thank you for your continued cooperation & support throughout this project.

For the latest on Sharon High School construction please visit the project's website at https://www.shsbuilding.com/

Best Regards,

Matthew Gulino
