

# The Sharon High School Construction Project

## 4 Week Look Ahead Schedule

- Temporary heaters are running. See enclosed notice.
- The majority of mechanical equipment (RTU's etc.) has been set in place. Team is working towards equipment start up.
- Electrical switchgear is being assembled on-site and team is working towards permanent power.
- Sheetrock completion (including taping) is on the radar for early April.
- Finishes including paint, tile, epoxy flooring, concrete polishing & ceiling grid are ongoing.
- Exterior panel systems installation is ongoing.
- Window & curtainwall installation- including installation of glazing- is ongoing.
- Casework installation is ongoing.
- Work at the athletic facility- including installation of concrete slabs- has resumed.
- Specialty installations such as gymnasium equipment & wood floor are on the radar for the next month.
- See attached progress update.
- See attached for details & complete look ahead schedule.

**Sharon High School: Notice of Ongoing Winter Heating**

Notice Date: December 1, 2021

Sharon High School Abutters & Community:

The Sharon High School project will be utilizing several large construction heaters to support interior construction this winter. To ensure required climate is maintained heaters may function 24/7 including nights and weekends. There are 5 heaters located around the perimeter of the New High School. The heaters do emit a small orange glow from the internal flame. There is a continuous fan that is powered electrically. Consigli Construction has coordinated required provisions and permits with the Sharon Fire Department.

Heaters will be started up on Wednesday, December 1, and operate throughout the winter.

Thank you for your continued cooperation & support throughout this project.

For the latest on Sharon High School construction please visit the project's website at <https://www.shsbuilding.com/>

Best Regards,
