

4 Week Look Ahead Schedule 10-12-21

- Structural steel detailing is nearing completion. Stair installation is also ongoing.
- Roof installation is ongoing.
- Slab on grade placements are ongoing coordinating w/ below & in slab MEPs.
- Overhead & in wall MEP rough-in is ongoing at multiple areas. Pulling of electrical is also ongoing.
- Interior and exterior light gauge metal framing are ongoing at multiple areas. Installation of drywall tops is ongoing. Wall close-in is scheduled for the coming weeks.
- Installation of exterior sheathing is ongoing. Air vapor barrier installation is ongoing.
- Installation of veneer masonry is ongoing.
- Windows are beginning to arrive on-site. Mock up installation & testing upcoming.
- Underground plumbing & electrical work is ongoing but nearing completion.
- Work at the athletic field- including prep for sod- is ongoing.
- See attached progress update.
- See attached for details & complete look ahead schedule.

Sharon High School: Notice of Potential After-Hours Work

Notice Date: June 17, 2021

Sharon High School Community:

The Sharon High School project will be placing concrete slabs on grade this summer. These slabs require cutting of concrete control joints as soon as the concrete is properly cured. This can be an unpredictable timeframe and may require after hours construction.

The work utilizes a small localized crew but will require a concrete saw and supplemental lighting. This process will take place approximately 7 times over the coming months. The first such placement will occur today 6/17/21 & we will continue to update the community of this potential after hours work within our 4 week look ahead schedule.

Thank you for your continued cooperation & support throughout this project.

For the latest on Sharon High School construction please visit the project's website at https://www.shsbuilding.com/

Best Regards,

Matthew Gulino

Associate | Owner's Project Manager
