

The Sharon High School Construction Project

Upcoming Existing Sharon HS Demolition Notice

- The (old) existing Sharon High School building is scheduled to begin demolition on October 3, 2022
- Flyers will be distributed to the abutters with Zoom information to inform them of demolition specific logistics.
- Attached is the latest site logistics plan which shows current construction site around the existing building with the new material laydown area and site entrances.
- Demolition updates will be provided as removal of the existing structure progresses.
- Following the demo of the old high school the new softball, baseball and tennis court complex
